

# Cowboy Mounted Shooters “Dare to Dream Shootout”

(Author Unknown)

The Six Shooters Collin, Carlee, Taylor, Ann Marie, Sammy, Dillon,

Wild Horse Pass will be remembered forever by our special needs riders who were able to compete in a non-gun tot'n event with the Champions of the Cowboy Mounted Shooting World.

When Diane Holmes calls from Shooting Star Ranch in Montana, we all get very excited. This means only one thing, Nevada Joe is coming to town and the Cowboy Mounted Shooters want our special needs riders to take action! This year's event will be remembered by our six shooters as a thrill of a lifetime. The famous BLM horse Nevada Joe travels the country with Diane and Ernie as a testimony to wild horses everywhere. Wahl Clippers sponsors the event and everyone is a winner. The smiles are contagious, as the World class shooters lead our youngsters through a timed obstacle course filled with balloons just ready to be shot, I mean popped, by our riders as they blaze a trail of glory.

This year, our winners in the boys division were none other than Dillon Haynes, and our Speedy little lady was Taylor Taft.

We want to thank the Cowboy Mounted Shooters Association for allowing our special needs kids to participate in one of the most exciting equine competitions anywhere.
